

Synergy 21 LED Flex Strip NEON SB add. clamp

Synergy 21 LED Flex Strip NEON SB series

SB= side bend, bend sideways to the left and right, not up or down

If you want to bend upwards or downwards, please select the NEON TB series

2 pcs of U shape bracket+2 pcs of Screws
(We suggest 1 kit for 1 metre of strip)

There are a variety of mounting options, such as clips, permanently elastic mounting adhesive, cable ties, etc. see accessories

Please note that LED strips must also be cooled.

Ensure that the LED strip does not exceed a working temperature of 40°C, otherwise its service life cannot be guaranteed.

No guarantee can be given for overheated LED strips.
