VoIP V3 Outdoor Intercom with Keypad

CyberData
The IP Endpoint Company

The brand new version of our keypad intercom is now available in an outdoor model. This two-way communication and secure access device is the newest in our line of Power over Ethernet (PoE 802.3af) and VoIP intercoms and delivers an adaptable, cost-efficient alternative to old analog intercoms. Combining the versatility of a SIP based keypad intercom with the increased weather protection rating of IP 64, this device is perfect for settings such as commercial/ residential facilities, schools and universities, retail establishments, warehouse and manufacturing plants, parking garages and shipyards, and so much more.

*Shown with the 011215 Weather Shroud (sold separately)

New Features include:

- Faster V3 processor
- Increased IP RATING to IP64
- Now supports SRST (Survivable Remote Site Telephony) in a Cisco environment
