Discover the versatile and stylish **6W RGB+CCT Waterproof LED Downlight**, which will bathe your indoor spaces in a new light. This round panel downlight gives you the opportunity to customise your lighting to your liking, offering both warm and cool whites and a variety of colours.

The **6W RGB+CCT Waterproof LED Downlight** is characterised by its high performance and energy efficiency. With an output of 6W and a light output of 500 lumens, it provides uniform and bright illumination. The variable colour temperature of 2700K to 6500K allows you to adjust the light colour to suit your mood and requirements. The light efficiency of 80LM/W and a colour rendering index (CRI) of over 80 ensure natural and vivid colour reproduction.

This downlight can be controlled with a wireless remote control and/or a WLAN controller for iOS and Android, both of which are available separately. These control options offer you maximum convenience and flexibility when customising your lighting.

Thanks to the high-quality aluminium finish and a service life of 50,000 hours, the 6W RGB+CCT waterproof LED downlight is particularly durable and robust. It is designed for an input voltage of AC100~240V 50/60Hz and comes with a power supply unit. The waterproof construction ensures that it works reliably even in damp environments.

With a wide beam angle of 120°, this downlight ensures even light distribution in your rooms. The control range is up to 30 metres, so you can easily adjust the lighting from your smartphone. The downlight fits into a hole size of 100 mm and has a total height of 74 mm.

This downlight is ideal for illuminating living rooms, offices and other indoor areas. With its waterproof construction and robust design, it is also versatile in use.

Experience the flexibility and convenience of the **6W RGB+CCT waterproof LED downlight**.
