

## Synergy 21 LED remote RGB-WW (RGB-CCT) 8 zones \*Milight/Miboxer\*

Experience the ultimate control over your lighting with our stunning remote control. This innovative touch remote control is specially designed for RGB & CCT LEDs and offers you a variety of functions to customise your lighting to your liking.

With the highly sensitive RGB colour wheel, you can effortlessly select any colour and bathe your surroundings in atmospheric light.

The dimmer slide and colour mixing slider allow you to adjust the brightness continuously and mix colours precisely so that you can create the perfect atmosphere.

The versatile programme and speed button allows you to switch between different light programmes at the touch of a button and adjust the speed of the light changes individually.

Thanks to the 8 zone control, you can control up to 8 different zones separately and create the desired ambience in every room - whether in the living room, bedroom or garden. The on/off button gives you full control to switch your LED lighting on or off at any time.

The remote control requires 2 AAA batteries (not included), which gives you the flexibility to work without annoying cables. This remote control is not only a technical highlight, but also an elegant accessory that fits into any modern home. Its ease of use and versatility make it the perfect choice for anyone who wants to control their LED lighting easily and efficiently. Experience light in a new dimension with the 8 zone RGB+CCT remote control and take your lighting to the next level.
