## Installation Instructions

### Pole Mounting

1. Attach the universal L bracket to the antenna by means of the three M6 bolts, six M6 flat washers and three M6 nylock nuts provided.

2. Attach the assembly to a mast (diameter 32-50mm) using the two Econo-bracket assembly as shown in the figure below.

---

**Item** | **Description** | **Quantity**
--- | --- | ---
1. | Bracket Universal L-Shaped DC Die Cast | 1
2. | M6 x 30mm Bolt SS | 3
3. | M6 nylock nut ss | 3
4. | M6 flat washer ss | 6

---

**Note:**

- Use 3 M6 bolts, 6 M6 flat washers and 3 M6 nylock nuts for mounting.
- Ensure the mast diameter is 32-50mm.
